Re: Docket #98P-0151/CPI
Gentlemen\Ladies:

I was pleased to learn that the USDA announced last year that it would stop purchasing meat from downed cows for Federal programs, including the National School Lunch Program. This letter is to **urge** you prohibit the slaughter of downed animals for any purpose. With the very real threat of Mad Cow Disease, it is Russian roulette to allow animals too sick to stand to be slaughtered for human or animal consumption.

It is the **FDA's** responsibility to protect Americans from such dangers.

Sincerely yours,

Janice Enick
